

GOLF TOURNAMENT  
IS VERY CLOSE**Dr. Bannister Defeats A. S. Valdespino in First Flight.**

A sandstorm that blew golf balls off the putting greens and that called for machine-like steadiness of driving and approaching marked the last day of the Southwestern Golf association tournament. In spite of the wind and sand, a courageous gallery followed the championship match between Dr. Bannister, of Phoenix, and A. S. Valdespino, of El Paso. Both started with long, straight drives into the teeth of the wind. Valdespino had a little the best of it on his second shot but Bannister recovered with a fine breeze to the edge of the green. The hole was tied with five, and the second hole was also tied.

On the third hole Valdespino braced himself against the wind as he drove and over the hole he went into the brush and Bannister took the hole with a five. The next hole was won by the Phoenix man, and after that Valdespino was unable to head him. In spite of fine driving and very consistent approaching and putting, Dr. Bannister came in with a remarkable string of low holes—the seventh in two, the eighth in three, and the ninth in four—a 27 for the first nine holes. He was four up at the end of the first 18 and the match ended at the afternoon at the tenth hole.

Bad weather kept down the size of the gallery behind the professional match in the afternoon. Many who were anxious to see it refused to face holes of sand. Those who watched the match saw a variety of "wind-thrower" shots not required in ordinary play. Scores can high, as most of the players took chances, but the match was close and exciting. Louis Montrose, of Chandler, won with a total score of 11. Jack Adams, of Tucson, was second, with 57, and J. C. Wilson, of El Paso, was third, with 58. Wilson shot a 73 the first day he came, which gives an idea of the effect of bad weather on the scores. A purse of \$100 was divided into three prizes for the professional event.

All of the events of the last day's play of the tournament were closely contested. The results were as follows:

First flight: Dr. Bannister, Phoenix, Ariz., first; A. S. Valdespino, El Paso, runner-up.

Second flight: Don M. Suter, El Paso, first; Dr. F. C. Jordan, Chandler, Ariz., runner-up.

Third flight: F. H. Curry, Globe, Ariz., first; R. W. McAfee, El Paso, runner-up.

Fourth flight: Col. Frank Glover, first; W. E. Ward, runner-up.

First consolation championship flight: L. H. Curry, of the Warren District Country club, first; J. W. Branson, Douglas, runner-up.

Second consolation championship flight: Brig. Gen. E. H. Erwin, El Paso, first; H. V. Watson, El Paso, runner-up.

Third consolation championship flight: J. E. Curry, El Paso, first; C. J. Clark, runner-up.

Fourth consolation championship flight: Ben Clements, El Paso, first; W. H. Gaston, runner-up.

Women's match: Mrs. Peyton J. Edwards, El Paso, first; Mrs. Frazer, runner-up. It was necessary to play an additional hole in this match before the winner was decided. In the morning Mrs. Edwards defeated Mrs. A. S. Valdespino, and Mrs. Frazer defeated Mrs. C. S. Baker.

Tucson will be the stage of the 1920 tournament of the association, this city being chosen at a meeting of the directors Saturday night. The date of the tournament will be named by the Tucson Country club. Officers elected to serve for the ensuing year were: C. H. Leavell, of El Paso, president; Dr. Bannister, Phoenix, vice president; H. S. Chubbett, of Tucson, secretary and treasurer.

**HARTLE QUITS BASEBALL.**

New York, April 7.—Miller Huggins has been decided to cross from the list of outfield prospects the name of Arthur Hartle, drafted last fall from the Toledo club of the American association. When Hartle first notified the Yankees that he had decided to give up baseball his statement was not regarded seriously, but it develops that he has a positive and a permanent concern in baseball, which now pays him far more than he could expect in baseball, and also has bright possibilities for the future.

POLICEMEN MAY  
PLAY FIREMEN**Will Clash With Smoke Eaters If Challenge Is Accepted For Game.**

In the event a challenge sent the fire department by the police baseball team is accepted, El Paso baseball enthusiasts will have an opportunity of seeing these old rivals clash on the diamond this season. Teams from the two rival municipal departments have clashed twice in the past four years, both victories being credited to the firemen, and as the police are anxious to get revenge on their smoke eating rivals, it is probable that a game will be arranged.

Saturday afternoon a meeting of police officers decided to challenge the fire department for a game before any further plans were made for the organization. In the event the game is played the proceeds will go toward the firemen's relief association and the police benefit association.

First chief John W. Way declared Sunday afternoon that the fire department had no objection to meeting the police baseball team, although the firemen will not be able to practice much until the annual dance is over, during the latter part of this month.

**Johnnie Gracia Will Enter Marathon; Loses Shoes During Bout**

Johnnie Gracia, 15th division supply train, has received his discharge from the army after two years' service, leaving Saturday afternoon for Boston, where he will enter the Marathon race from Ashland to Boston, April 19. Gracia is a member of the Boston Athletic club and in 1915 finished fourth among 15 starters from all parts of the U. S. covering the 26 miles from Ashland to Boston in two hours and 25 minutes. As a result of form shown in this race, Gracia was selected to represent United States in Sweden in 1920, but did not go, due to illness of his mother.

Gracia was without doubt the best runner of his weight in these parts. His last race was with Dan Joe, the days falling to throw him in 19 minutes. When the bout was over Johnnie found that someone had borrowed his shoes. Nor did they return them, it being necessary to wait until a friend went after a new pair before he could leave the carnival grounds.

**PHILLIPS AFTER STAR.**

Philadelphia, Pa., April 7.—Manager Jack Doolan, of the Phillies, is trying to land Dick Kerr from the Milwaukee club of the American association.

Last year Kerr's box work was the sensation of that minor league. He was the Iron Man of the hurlers, taking part in 28 games, and the total number of innings pitched was 287. He won 17 contests and was charged with only seven defeats. His record is all the more remarkable when it is considered that he was pitching on a second division club. The outfit finished fifth place with a record of winning 25 games and losing 24. Last summer when Kerr was distinguished himself by pitching double-headers, Pat Moran, then manager of the Phillies, made an unsuccessful attempt to bring the twister into the majors.

**"Strangler" Lewis All Round Athlete**

New York, April 7.—Although it is not generally known, Robert Frederick, known to the wrestling world as "Strangler" Lewis, is an all-around athlete. Lewis, coach of the football, basketball and wrestling teams of the University of Kentucky before stepping into the ranks of the promoters, is a big, powerful, muscular man. He never attended college, but his general knowledge of all branches of sport made him a valuable man as a coach. While connected with the college he played on various professional basketball teams in the Southern States. It was while handling the wrestling team that he perfected the headlock, one of the most dangerous holds in the last game.

**TO BREAK A HOODOO.**

The Cincinnati Reds, it is stated, will open the new season in their old uniforms. It might look like economy, but the management says the idea is to break some hoodoo or other.

**PIRATES TRY OUT MATTINGLY.**

The Pirates are trying out a big semi-pro pitcher named William Mattingly, who hails from Buffalo. He is a right hander.

TIGERS BREAK  
EVEN ON TRIP**High School Basketball Team Wins One Game and Loses Another.**

Breaking even on its western trip the high school Tiger basketball team returned Sunday from Miami, Ariz., where they defeated the high school team of the city, but were downed themselves by the Miami Y. M. C. A. Saturday night.

The Tiger team left El Paso last Thursday for Miami, where the two games were played. In the high school game they had little opposition, scoring an easy victory over their opponents but were defeated in the Y. M. C. A. contest because of the superior height and weight of the association's team member.

A large crowd attended both games.

## BOYLAND

CATHEDRAL juniors, leaders of the Junior league, were decisively defeated Sunday afternoon by the Popular team in a bitterly contested game by the score of 4 to 6. Only one hit was allowed the Cathedral team by pitcher Buckner of the Popular tribe.

The Popular team was previously defeated by the Cathedral boys and their comeback in the face of an overwhelming victory by the rival team is considered remarkable.

In two previous games the Feldman team defeated the Allen team aggregate by the score of 14 to 2, while the James A. Dick club won from the Independents by the score of 12 to 1. Both games were loosely played.

The senior Boyland-league games were called off because of the sand storm Sunday afternoon.

**Cordova Suspended.**

Albert E. Sigal, president of the Boyland league Monday morning advised manager Cordova of the Feldman team that he had been suspended for one week because of his action Saturday afternoon at the high school stadium in engaging in a radio encounter with spectators. Failure to abide by the decision of the president will cause the Feldman team to forfeit future games. All players have been warned that any action on the playing field of this kind will cause their removal from the team.

A meeting will be held Wednesday evening at the W. G. Wade company store of Junior league managers for the purpose of voting on new players and transacting other business.

**Antwerp Gets Olympic Games**

Lausanne, Switzerland, April 7.—Announcement that the international Olympic committee had chosen Antwerp for the Olympic games in 1920 by Baron Pierre de Coubertin, president of the committee, at a meeting here to celebrate the 25th anniversary of the reestablishment of the Olympics, was applauded warmly.

The baron held that he had sent a telegram this morning to King Albert of Belgium, announcing the decision of the committee. Neither the United States, Great Britain nor the central powers were represented at the meeting this afternoon.

Baron de Coubertin denied the truth of the report that the French would refuse to participate in the next Olympiad. He said the Germans take part. Sporting circles here doubt that the British and Americans will enter games with the Germans and Austrians next year.

**TO BREAK A HOODOO.**

The Cincinnati Reds, it is stated, will open the new season in their old uniforms. It might look like economy, but the management says the idea is to break some hoodoo or other.

**PIRATES TRY OUT MATTINGLY.**

The Pirates are trying out a big semi-pro pitcher named William Mattingly, who hails from Buffalo. He is a right hander.

PROSPECTS OF A SELLERS-RAY  
RACE WELCOMED BY TRACK FANS

NEW YORK, April 7.—With the indoor athletic season nearly over there remains in prospect one of the finest treats imaginable for the followers of track sports. This is a special match race between Jole Ray of the Illinois Athletic club and Jack Sellers, the local youth who has come to the front in most sensational style during the last month.

**Gates Confidant.**

After seeing Sellers run his last three races no man can deny he is a worthy rival for Jole at distance under the milers. True, Ray defeated Sellers in the 100-yard race at the recent indoor championships in Brooklyn, but the latter's victory, on second thought, was not so decisive. To begin with, Sellers, who finished a bare three yards behind Ray in that race, did not run at anything like his best form because he did not have the confidence in himself that he has acquired since that time.

**Sellers' Success Around Bay.**

Sellers' success around the bay in his recent style in the last 100 yards of his career is a triumph, and it is wholly possible that had Jack known how strong he was and started spending his strength sooner he might easily have collared the sturdy son of Illinois in the stretch.

If some local promoter can induce Ray to come this way for a tilt with Sellers' latest middle distance star, he will not find Sellers wanting in willingness to meet Jole. Sellers' feat of running 1000 yards in 2:15 on the little track in the arms of the First Regiment at Newark two weeks ago was a striking performance.

Of course, Sellers would prefer to meet Ray at 600 yards, or at the half mile, but such an arrangement would hardly be fair to Jole, who is at his best between the mile and 2000 yards.

**AFTER BIG BOLT.**

London, Eng., April 7.—British boxing promoters are attempting to obtain for London the heavyweight championship fight for which Jess Willard and Jack Dempsey have been matched for July. Willard and Dempsey have been advised that a purse of 125,000 will be split as they desire if the bout is held here.

**VETERAN IS DEAD.**

New Orleans, La., April 7.—John Fitzpatrick, who referred the fight in Mississippi City, in which John L. Sullivan won the world's championship from Paddy Ryan and the 25 round fight between Sullivan and Jack Kilrain at Richmond, Miss., died at his home here today, aged 73.

Gillespie Bidder  
For Giant Honors

Benny Kauff, who has long held the limelight as the martial wonder of the New York Giants, has a dangerous rival in this respect in Jack Gillespie, the diminutive Harlem Scotchman, who is an infielder in the squad now working out under John McGraw at Galesville. Every time Jack makes his appearance in the lobby under the room of the White House he has on another suit, and his raucous equals in brilliance anything which the illustrious Henry ever displayed on his person. Jack is without doubt the best dressed rookie ever seen in a Giant camp.

**LEONARD REPUSES OFFER.**

Manila, P. I., April 7.—Manila boxing promoters have sent a cablegram to Benny Leonard, lightweight champion of the world, offering to meet any terms acceptable to him for a contest here July 1, with champion Edwards of Australia. Leonard refused a recent \$25,000 purse together with all motion picture rights to box Edwards for the title.

**CHAMPION TO FIGHT.**

Newark, N. J., April 7.—Benny Leonard, lightweight boxing champion, has been matched to meet Willie Ritchie, of San Francisco, former titleholder, in an eight round match on April 28, at the first regiment armory here. It was announced Sunday. The men will weigh in at 145 pounds, ring-side.

WHITE SOX NEED  
STRONGER TOSSERS

News from Mineral Wells, Texas, is not encouraging about either Urban Faber or Eddie Cooney and manager Kid Gleason is quoted as saying he must have a star pitcher if the White Sox are expected to win this season. Well, Miller Huggins has threatened to trade off Dutch Leonard if Dutch doesn't behave.

When you wish the Correct Time, Phone The A. D. Foster Co. No. 112.—Adv.

Build Up the System  
After "Flu" Attack

Important That You Get Back Your Strength as Soon as Possible

Everyone who has had the "flu" finds the system in a weakened and run-down condition. The nervous system all upset, the appetite gone, and a general good for nothing feeling pervades the entire body.

This is the effects of this strenuous disease. It always leaves its victim as weak and debilitated that there is as much danger from its after-effects as from the disease itself. In other words, after an attack

The Last Day to Buy at Par

# This is the Last Advertisement You'll Ever See Offering Duke of Dublin at Par

## To Our Stockholders—

I will probably leave for the oil field within the next few days to arrange for the ACTUAL DRILLING on our first well. During my entire experience in the oil business I have never seen more favorable indications of getting big production than we have. There is not a question in mind but we will get BIG PRODUCTION in our first well—this alone would make every stockholder wealthy, and on our THREE tracts we have room for enough wells to make this company worth millions of dollars.

If you can afford to buy a little more stock in this company I advise you to do so. I give you my word that this is the safest proposition being offered today. I have thousands of dollars invested in the company and I shall be greatly disappointed if my stock in Duke of Dublin doesn't make me immensely wealthy. My personal stock is not for sale at any price and I want to impress the stockholders the importance of KEEPING their stock—you'll be offered more than you paid for it SOON—but wait till we get production and get the BIG MONEY.

I shall keep you advised from time to time as the drilling progresses.

Yours truly,  
**Frank B. Grant**

If you haven't time to wire—DON'T pass up Duke of Dublin—but take this as POSITIVE PROOF that Duke of Dublin is offering the most attractive proposition on the market today—THOUSANDS OF PEOPLE HAVE INVESTIGATED AND BOUGHT STOCK WITH US. We've never insisted that you buy DUKE OF DUBLIN stock—we are going to INSIST now—for your own sake. It doesn't matter whether another dollar's worth of this stock is sold or not—the drilling on our valuable leases will ABSOLUTELY begin April 15, regardless of whether you or anybody else buys stock. But we want you in because you are ENTITLED TO A SHARE of Nature's gift. The Texas fields are producing \$2,000,000 worth of oil EVERY DAY—that's wealth enough for all and we want to see EVERY MAN, WOMAN AND CHILD GET THEIR SHARE.

All subscriptions bearing a postmark prior to April 9 will be accepted—but we suggest that you wire your order to be sure of getting your stock.

**Duke of Dublin Oil Co.**  
Capital \$100,000.  
Sheldon Hotel  
Offices  
Share, \$1.00 Par.  
El Paso, Texas.

## Tomorrow This Stock Goes to \$2.00 per Share

We gave you more than two weeks' warning before raising the price of DUKE OF DUBLIN stock. We wanted to be fair with you—we wanted to give you ample time to make all investigations you cared to regarding the merits of our company. NOW WE WANT YOU TO BE FAIR WITH YOURSELF. If you've investigated YOU'VE BOUGHT. If you haven't investigated—if there's any question in your mind as to the merits of this company WIRE ANYBODY in the field and ask about the DUKE OF DUBLIN—WIRE TO THE BANKS and learn JUST WHO Frank B. Grant is and what it means to you to have him at the head of the company. If you happen to be one of the few who have never heard of the officers of the company—Frank B. Grant, Fort Worth; F. A. Weiser, Dublin, Tex.; F. L. Mitchell, Cleburne, Tex.; Senator C. H. Holmes, Gage, Okla.—and you want to KNOW who they are, WIRE any bank in their home town. We've told you time and again that our property was closer to the BIG GUSHERS than any other company in the field offering stock for sale—JAM-UP to Phoenix, Knowles, Duke, Clayton, Gates, Mahone, Brasswell—we've printed our map showing these locations—PROVING this statement. If you want FURTHER PROOF—wire ANYBODY in the Duke-Knowles field.

## But Wire Quick—Your Order Must be in Tomorrow

LUTELY begin April 15, regardless of whether you or anybody else buys stock. But we want you in because you are ENTITLED TO A SHARE of Nature's gift. The Texas fields are producing \$2,000,000 worth of oil EVERY DAY—that's wealth enough for all and we want to see EVERY MAN, WOMAN AND CHILD GET THEIR SHARE.

Letters bearing postmarks of April 9, from the outlying districts will be accepted.

**DUKE OF DUBLIN OIL CO.,**  
Sheldon Hotel,  
El Paso, Texas.  
Gentlemen: Enclosed find \$..... for..... shares at \$1.00 (par) per share of stock in Duke of Dublin Oil Company. The same being payment in full. I understand that in case of over-subscription or raise in price of stock my money will be returned.

Signed.....  
Liberty Bonds Accepted at Par.

## TO EL PASO-RANGER OIL CO. STOCKHOLDERS

At a recent meeting of the trustees, it was decided that Mr. Robert Krakauer, President of the Company, should go to the Ranger oil field, accompanied by Senator R. M. Dudley, and make a thorough investigation of everything affecting the interests of our stockholders. Upon their return they have made the following report:

"The undersigned, and at your request, Senator R. M. Dudley, spent several days at Ranger and Eastland, looking into the location, the possibilities and all conditions of our 10 acres of leasehold. We also looked carefully and thoroughly into the advisability of drilling immediately or waiting a reasonably short time before spending a large sum of the company's money now.

"The facts are: Several wells are going down from one-half to three and a half miles from us, which will either prove or possibly temporarily delay the proving up of our holdings. We have 807,000 in the bank and 40,000 shares of stock still remaining in the Treasury with which to drill on our land if the Harrell Well, 2700 feet deep, and showing ten millions cubic feet of gas, north-east of us, and the Ray Well, down 200 feet, southwest of us, come in as producers, as forecast by all of these competent to judge the location and the structure on which these wells are going down. This does not take into consideration the Sammies Well, down 700 feet, one-half mile west of our Baggett fifty acre tract.

"Should these wells prove dry, then by not expending our money now, we have the opportunity of buying smaller acreage, but of 'sure shot stuff,' and still have money enough and resources sufficient to develop it to the advantage of the stockholders. In other words, we have a double chance; namely, there is every indication of our property being in the center of another big producing oil field in a very short time; but if, on the contrary, this should not prove to be so, our money and stock in the Treasury will still be intact and the money will be increasing rather than decreasing, and if the worst should happen, we are still in a position to make a big producing oil company out of El Paso-Ranger. Those in the oil district best posted, as well as geologists, are of the belief that our opportunities are more than good for one of the biggest windings in the field, because we lie, as we were told repeatedly, on a much bigger geological structure than the so-called Ranger field, which has been proven one of the biggest in the world. We all advise waiting, say, forty to sixty days, (for there is always a chance of a dry hole), till the wells close to us prove up our district and make our holdings of incalculable value, and this is now being done for us by the big oil companies of the country.

"Further, the cost of drilling will be considerably cheaper as soon as the Texas Company Gas Line, running from Ranger to Cisco, within four miles of our property, is finished, and the cost of drilling will be further reduced, because of the fact that many locations are being made besides the wells being drilled right close to us, which will make it easier to get fuel, water and transportation.

"As conservative business men, and with the idea of serving best the interests of the stockholders, we recommend that drilling be postponed for a short time. We are not unaware of the fact that this recommendation, together with rumors, false and malicious, that have come to our ears since our return here, may have an adverse effect on the price of the stock in brokers' offices, but nothing can, at this time, change our minds as to the correctness of our opinion about delaying drilling operations temporarily. Nothing can change our opinion and our ideas after being on the ground, as we have been, of the potential and enormous speculative value of our 120 acres.

"I fully concur in the above. R. M. DUDLEY.  
"We approve the course of action suggested by Messrs. Krakauer and Dudley.  
"JOSEPH A. WRIGHT,  
"J. HARRY HENDERSON,  
"FREDERICK GOODMAN,  
"JOHN O. WYLER,  
"Trustees."

**EL PASO RANGER OIL CO.**
